FROM OUR EXECUTIVE DIRECTOR  
**JULIE THOMASMA**

Child and Family Charities has been an integral part of the community since 1911 – for over 107 years we have worked to strengthen and support children and families as they evolve and grow in a changing community. Through 6 divisions, 20 programs, 110 staff, and 1 mission we are able to impact the lives of over 7,000 abused, neglected, and at-risk children, youth, and families each year.

The need for our programs is great. While we have shared in successes this last year, the needs of the community continue to grow. With your help, we can do more. Our programs rely heavily on the financial support of individual and corporate donors.

Your company has a wonderful opportunity to partner with Child and Family Charities to make a difference in the lives of the children and families in our community. We hope you will take this opportunity to partner with us and give back.

Enclosed are several sponsorship opportunities that will provide a sustainable and powerful investment in your local community. In return for your generosity, we will provide your logo and a link to your company website on our agency website.

In addition, we will list your company in our event programs, annual report, and more! I invite you to review the many ways that we show our gratitude by reading through this brochure. I am confident you will be impressed by the programs and events that reach our community. Child and Family Charities strives to be where we are needed most. We need your help and partnership to do our important work.

In a world that is surrounded by so much pain,  
precious moments prevail.

In May of 2011, Cindy, age 10, and her sister Olivia, age 7, entered the court system due to neglect caused by the drug addiction problems of their parents. When the children arrived at their foster home they were in dirty clothes and their ill-fitting shoes were full of holes, so much so that the rain had soaked through to their sockless feet. Each of the girls carried a trash bag filled with an assortment of old clothes, broken toys, stuffed animals and a few mismatched socks. Although shy, the girls settled into their temporary placement quite well. Shortly after arriving at their new foster home, the children entered into therapy and began supervised visits with their biological parents who had entered into a drug addiction program and had begun attending parenting classes.

This left Cindy and Olivia as wards of the court. For the past two years, the girls had been living with the same foster family they had met on that first rainy night in May and now the road to adoption could officially begin. The girls' social worker saw them blossoming under the care and love of their foster family. It was wonderful to see Olivia in the school choir and Cindy enjoying her dance classes.

The adoption process was an exciting, but emotional one with many challenges. Finally in 2017, at ages 12 and 15 years old, Olivia and Cindy were formally adopted.

### Following the Adoption Finalization

the social worker received a text. "Hey this is Cindy and I just wanted to say I appreciate everything you did for me and my sister. Thank you so much I will always remember you. I couldn't thank you enough!"

The family visits didn't come without challenges, but they also had their brief, shining moments.

Cindy and Olivia experienced numerous stops and starts regarding reunification, but their parents ultimately terminated their parental rights in 2013.

What her teachers and friends didn't know is that Lilli had entered foster care at five years old due to sexual abuse.

## Lilli came to Angel House much like other young Moms.

She had been in and out of Foster homes due to skipping school, fighting with her foster parents and siblings, and running away. At 16, she was only at a freshman level in High School and struggled making friends. While her teachers and friends only saw someone who was apathetic, what they didn't know is that Lilli had entered foster care at five years old due to

sexual abuse. As she grew older she began to act out the symptoms of her abuse by pushing against any structure and rules in her life.

In March of 2016, Lilli stood in the stall of her school bathroom staring down at a positive pregnancy test. Speechless, crying silently, Lilli wondered "What now?"

Shortly after this, Lilli was placed in Child and Family Charities' Angel House program. As with her other placements she struggled because of the program's structures and rules; but was eventually able to fall into a routine in the program. Lilli enrolled in Mason High School, attended parenting and Life Skills classes at Angel House and continued in therapy. In December of 2016, Lilli gave birth to a healthy 7-lb 6-oz baby girl, Jordyn.

After the birth of her daughter, Lilli had new resolve to do well at Angel House. She worked very hard to learn everything she could about parenting. Though there were still days that were more difficult than others, Lilli began to flourish.

During her time at Angel House, Lilli learned about budgeting, nutrition, employment skills, boundaries, and communication skills.

Lilli, and Jordyn's father, Marty, worked to strengthen their relationship. In March of 2017, Marty's mother was appointed as Lilli's guardian, and Lilli and Jordyn were able to leave Angel House.

Lilli has maintained contact with the staff at Angel House who are all very proud of her. She has told the staff that she knows that Angel House really did care about her and her daughter.

### Since leaving Angel House,

Lilli has successfully caught up with her grade level, is almost finished with driver's education, and is taking wonderful care of her daughter who is thriving and is a very happy little girl.

### BACK TO SCHOOL SUPPLIES

Although we are always in need of school supplies for children and youth who are placed in foster care with us during the school year, The Fill the Backpack School Supply Drive for kids in need runs each year beginning on July 1 until the 3rd week in August.

Individuals can help by filling a backpack with items on the list that can be found online at [www.childandfamily.org](http://www.childandfamily.org).

Companies & organizations can help by putting out one of our collection boxes and handing out lists to their staff and clients. We use the donations for children and youth in our programs and for those families who work with us who are in need of assistance— because everyone can use a little help sometimes!

### HOPE FOR THE HOLIDAYS

Let us help make your holiday shopping experience truly life-changing. Celebrate the holiday season by giving hope to a child. You will change the life of a boy or girl through this Gift Giving Program for abused and neglected children living right here in our community. This year, as you begin your Holiday shopping, remember how meaningful it will be to include in your holiday shopping list the name of an abused or neglected child and his/her Holiday wishes. Simply contact our office or go to our website. We will give you and your family the name of a child to “adopt” for the holidays.

We also provide tree tags for organizations and companies to collect for children/youth who are involved in our numerous programs and services. We guarantee your participation will enhance your holiday spirit.

Help a needy child this year—perhaps changing his/her life forever! We also provide Thanksgiving dinners to families in need who are involved in our programs! Please contact us if you or your organization would like to help provide Hope for the Holidays!

Sponsor a family or the entire picnic! Each year our agency puts on a barbecue party (thanks to the generous support of King of the Grill in Lansing) This party celebrates the efforts of the families in our community who have stepped up and stepped in to help abused, neglected and at-risk children and youth by opening their homes and their hearts! Your support can make this an even better celebration! Sponsor a family for \$25.00 or the entire picnic for \$1,500!
